

## **COMMUNITY BON VOYAGE PARTY!**

**Tuesday, April 4<sup>th</sup>**

**Cape Haze Community Center  
5:30-7:30 P.M.**

It's that time of year again when our snowbird friends and neighbors are starting to head to far off places to begin another season.

This year we are saying goodbye to some very special long-time friends and community supporters, Julie and Homer Hoe, who are leaving Cape Haze for a permanent home in Williamsburg, Virginia. In addition to serving as a Past President of CHPOA and serving on numerous committees, Homer designed and maintained the CHPOA website. For many years, he and Bill Snyder have produced the Cape Haze Residents Directory and have overseen the billing and database for the community. Julie and Homer have spent countless hours working for our community and the community-at-large through their involvement with Kids' Needs of Englewood. They will be very much missed!

Please join us for a Tuesday night social at the Community Center to wish the Hoes safe travels and give a happy send-off to all our seasonal residents who will be in route this summer!

**Please B.Y.O.B. and an appetizer to share.**
